

Make Up Artist Guest Speaker

Last Updated Saturday, 03 May 2008

FSC recently had the privilege of welcoming Chantel Miller as a guest speaker. Ms. Miller is a working make-up artist and has done make-up for celebrities such as Paula Abdul, Faith Evans and Enrique Englesias. She has also worked on the Faces for Ralph Lauren campaign as well as Fashion Week in Paris and New York. If you recognize Ms. Miller it could be because you've seen her on the show Fashion Emergency helping with a makeover. While Ms. Miller visited FSC she talked to the students about her career, how she arrived there and what to expect from it. She also demonstrated different make-up looks on a few of the students. Ms. Miller kept the students enthralled in what she was doing and showed them yet another career path once they graduate from FSC.
